

## INSTRUCTIONS FOR USING FLO-PAC 1224 SANDING DISK DRIVER

- 1) Remove bolt, washers and one plastic holding cup.
- 2) Place sanding screen or sand paper, centered, on the drive unit.
- 3) Replace holding cup, washers and bolt.
- 4) Make certain bolt is tight enough so that the holding cup is recessed below the surface area of the felt.

**NOTE: BOLT IS LEFT HAND THREAD**
